

CRITICAL THINKING & STUDY SKILLS

GRADE:
8 - 10

LENGTH:
19 Lessons

STANDARDS:
Aligns with ESSA Title IV, Part 4

COURSE DESCRIPTION

Not only does high school serve up intense academic challenges, but it also comes with a side of rigorous and determining standardized testing. The Critical Thinking and Study Skills course equips students with an actionable blueprint for academic success by teaching students to leverage critical SEL Turbo Tools.

In this course, students will build success mindsets, adopt proven study habits, and practice research-based testing skills that elevate performance. Through utilizing the ACE test-taking method, students will learn how to increase scores on key tests — such as the ACT, SAT, PSAT, and other tests that are required for graduation.

COURSE USES

This course may be used as a credit-bearing course, as a supplement to an existing course, during summer school, during an advisory or homeroom period, or for freshman onboarding.
